

**3<sup>RD</sup> INTERNATIONAL SYMPOSIUM ADDITIVE MANUFACTURING (ISAM 2019)**  
**January 29 – 31, 2019 in Dresden**

**- Guidelines for Elevator Pitch presenters -**

General information

- Elevator Pitch contest: January 30, 2019, 1:30 p.m. – 2:15 p.m.
- Language: English
- Presentation time: 3 minutes

You have 3 minutes to put forward a key argument about why your work matters: Why should someone want to come and find out more? You are free to present your idea in your individual way. For example, start with one clear statement or idea of the bottom line and then back it up (in contrast to the more conventional approach of building to a concluding final statement). Remember to focus on one clear point and try not to include too much detail because there won't be time.

Your presentation will be voted by a live audience. The best presentation will receive the ISAM Pitch Award.

Short CV

- Please send us a short CV (4 - 5 bullet points) for the announcement of your talk by the session chairman.

Deadline for submission: **November 30, 2018.**

Presentation slides

In order to ensure a smooth running of the sessions we would like to test your presentation prior to the symposium.

- File format: PowerPoint or PDF (without password), 4:3 or 16:9 format
- You can e-mail your presentation up to a file size of 5 MB. For larger files, please use our FTP server (access data provided on request). In addition, we recommend to bring along a backup USB stick.
- We kindly ask you to use the available devices on site.

After the symposium the presentation slides will be provided for download (PDF format). Each participant will receive the access data via e-mail.

- By signing the attached form you **agree with the publication** of your presentation after the symposium.

Please send us your presentation slides and the signed agreement before **January 20, 2019.**
